

Colors in French

Learn some mainstream (and not so much) colors in French as well as their feminine equivalents. If there is no feminine equivalent, that color (word) is invariable, meaning its gender doesn't change.

English	French
Black	Noir (e)
White	Blanc (he)
Red	Rouge
Blue	Bleu (e)
Green	Vert (e)
Purple	Pourpre
Pink	Rose
Yellow	Jaune
Gray	Gris (e)
Orange	Orange
Brown	Marron

There are often alternative words for colors like instead of "pourpre" for "purple," one could say "violet (te)."

And for all colors except when it ends in -s, you add an "s" as a suffix to make it plural.
